CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	Autodesk will collect, use, and otherwise process Student PII and Student-Generated Content provided by Educational Institution through the Service only as described in this DPA and the Autodesk Privacy Statement, including the Autodesk Children's Privacy Statement, available at https://www.autodesk.com/company/legal-notices-trademarks/privacy-statement/childrens-privacy-statement , which is incorporated into this DPA by reference. This includes features which may allow Students to post Student-Generated Content and PII to interactive features on Autodesk website and in the Service, which may be viewed by other Autodesk users outside of the Educational Institution.
